NOTICE OF COMPLETION OF DRAFT ENVIRONMENTAL IMPACT REPORT

NOTICE IS HEREBY GIVEN THAT the City of Carlsbad has prepared a Draft Environmental Impact Report (EIR) in accordance with the City of Carlsbad Environmental Protection Ordinance (Chapter 19.04 of the Carlsbad Municipal Code) for the Drainage Master Plan Update. The Drainage Master Plan Update is a comprehensive planning document prepared to assess existing storm drain infrastructure, identify anticipated improvements required to accommodate storm flows from future developments within the City, and develop a fee program (the "PLDA" fee) to ensure the construction of such improvements. The Drainage Master Plan Update affects properties throughout Carlsbad. The EIR analyzes drainage components primarily at a program level; two drainage projects, however, affecting portions of Agua Hedionda and Calavera creeks, are analyzed at the more detailed project level.

The Draft EIR and appendices are available for public review at the City of Carlsbad Planning Department, located at 1635 Faraday Avenue, Carlsbad CA 92008; public review copies are also available at: (1) City Clerk's Office, 1200 Carlsbad Village Drive; (2) Carlsbad Main Library, 1775 Dove Lane; and (3) Georgina Cole Library, 1250 Carlsbad Village Drive. The Draft EIR is also available on the Planning Department website at <http://www.carlsbadca.gov/planning/index.html> under "Environmental Notices and Reports." Copies of the Drainage Master Plan Update are also available at the Planning Department, libraries, and online through a link at the above website.

The Draft EIR will be available for public review and comment until August 31, 2007. All comments on the Draft EIR must be submitted in writing and by that date to the following City of Carlsbad contact: Scott Donnell, Senior Planner, Carlsbad Planning Department; 1635 Faraday Avenue; Carlsbad, CA 92008.

CASE NO.: EIR 04-02 (SCH # 2006041066)

CASE NAME: Drainage Master Plan Update

PUBLISH DATE: Tuesday, July 17, 2007
